Empowering Educators: June Training in Sofia, Bulgaria

We are thrilled to share highlights the of a remarkable event that took place in June in Sofia, Bulgaria. From the 11th to the 13th, a diverse group of teachers, educators, and facilitators from five different European countries - Romania, Turkey, Greece, Belgium, and Bulgaria - came together for an intensive and enriching training session.

hotoGrid

A Collaborative Learning Experience

This dynamic event was centred around the introduction and exploration of the "Pedagogy Toolkit for Teachers Working with Roma Children," comprising five distinct modules. These modules are meticulously designed to enhance skills and competencies through practical exercises, offering invaluable hands-on experience to all participants.

Building a Brighter Future

The primary goal of this collaborative initiative is to foster innovative educational practices and strengthen mediation techniques. By doing so, we aim to ensure a richer, more inclusive educational experience for all students, particularly Roma children. The enthusiasm among participants was palpable as they engaged in this journey of professional growth and crosscultural exchange.

Looking Ahead

The success of this training session is a testament to the power of collaboration and shared knowledge. We are confident that the skills and insights gained during these three days will have a lasting impact on the educational practices in each participant's home country. We look forward to seeing how these newly acquired competencies will be implemented to create more inclusive and effective learning environments.

Thank you to everyone who contributed to the success of this event. Stay tuned for more updates and opportunities to engage with PAL LAB's initiatives.

Co-funded by the Erasmus+ Programme of the European Union

Continuing the Journey of Innovation and Inclusion

As forward, we move the connections collaborations and formed during this training will serve for ongoing support and development. We are excited to witness the innovative approaches that will emerge from this initiative and are committed to supporting

our educators and facilitators as they implement these strategies in their classrooms and communities. Together, we can make a significant difference in the lives of Roma children, ensuring they receive the quality education they deserve.

Pedagogy Toolbox

Stay tuned as all partners are working tentatively in developing the final form of our training modules and enriching the pedagogy toolbox for teachers and mediators working with Romani children. **"Pal Labs"** are also on the way! So don't miss the opportunity to experience a unique online training experience with innovative teaching methods and

Creation and piloting of PAL LAB Manual consisted of 5

practical exercises. Soon to be available at https://www.pallabeu.com/index.html

Stay tuned for more updates as we continue to make strides in the Pal Lab program!
